Shifting Paradigms in Cancer Rehabilitation 2019

Supporter & Exhibitor Opportunities

Dear Sir/Madam:

We are excited to announce The 2nd University of Texas MD Anderson Cancer Center/ TIRR Memorial Hermann Cancer Rehabilitation Symposium: Shifting Paradigms in Cancer Rehabilitation 2019. The 2nd symposium will be held at The University of Texas MD Anderson Cancer Center (MDACC) on March 29-30, 2019. We have a rigorous program planned with over 40 speakers, 24 educational sessions, 3 poster sessions, networking reception, and exhibitors.

Our 1st collaborative symposium was held in 2016 and hosted nearly 200 attendees engaged in over 20 educational sessions. Speakers and attendees came from across the United States and Canada to join the conference. Our audience included Physicians, Nursing, Occupational Therapy, Physical Therapy, Speech Language Pathologists, Case Managers, Social Workers, Rehab Counselors, Psychologists and other Healthcare professionals interested in working with the growing community of individuals with Cancer and Rehabilitation needs.

We invite you to be a Program Supporter and Exhibitor. Please find the attached Support and Exhibitor information. If you would like to become a sponsor/exhibitor or would like email communications, reminders, instructions regarding the symposium etc., please contact either Dr. Jack Fu or Anna de Joya – contact information is listed below. We appreciate your consideration for exhibiting and/or supporting this outstanding educational activity. We look forward to seeing you at The 2nd University of Texas MD Anderson Cancer Center/ TIRR Memorial Hermann Cancer Rehabilitation Symposium: Shifting Paradigms in Cancer Rehabilitation.

Best Regards,

Jack Fu, MD

2nd MD Anderson Cancer Center / TIRR Memorial Hermann Cancer Rehabilitation Symposium: Shifting Paradigms in Cancer Rehabilitation

Date: March 29-30, 2019

Target Audience: Our audience focuses on Physicians, Nursing, Occupational Therapy, Physical Therapy, Speech Language Pathologists, Case Managers, Social Workers, Rehab Counselors, Psychologists and other Healthcare professionals interested in working with individuals with the growing needs for individuals with Cancer and Rehabilitation needs.

Course Description: Currently, there are more than 15.5 million cancer survivors in the United States. This number is expected to rise to 20 million by the year 2026. Cancer survivors often experience complications from cancer and its various treatments that can impact function. Cancer rehabilitation has an important role in the cancer care continuum. This symposium will discuss selected cancer and cancer treatments that impact rehabilitation and provide evidence-based assessment and treatment strategies that can be applied to clinical practice. This two-day symposium covers a wide variety of topics in the field of cancer rehabilitation. Day 1 (Friday afternoon) consists of plenary sessions intended for all participants with discipline-specific break-out sessions on day 2 (All day Saturday) that participants may select.

Learning Objectives: At the conclusion of the course, participants will be able to:

- Define the expanding role of rehabilitation services in the care of cancer survivors in different disease trajectories
- Implement appropriate symptom management for patients with cancer undergoing rehabilitation related to common diagnoses
- Understand and implement effective rehabilitation for patients throughout their cancer survivorship as related to the physical, emotional, social challenges related to their diagnosis and treatment for pre-habilitation needs, lymphedema care, and safety considerations for PM&R, Orthopedic Limb and Spine Considerations, and Plastic Surgery
- Appropriately apply evidence based clinical treatment approaches for patients with cancer at all phases of the cancer care continuum
- Understand and apply safe and effective rehabilitation for patients with cancer
- Accurately assess and manage cancer and its treatment sequelae, including geriatrics, head and neck, integrative medicine, bone marrow transplant, lymphedema for upper quadrant, spirituality, dual tasking, pelvic floor, cognitive deficits, wheelchair seating and mobility, limb loss, survivorship, pediatrics, bowel and bladder, palliative and hospice care, cancer related fatigue, chemotherapy induced neuropathy, nutrition, exercise, and cognitive deficits.
**Events:** Symposium lectures and breakout sessions, exhibitors, poster presentations, networking social.

**Education:** Applications in process for CME, CCU for TPTA, and CEUs for AOTA, ASHA, TNA, SW, CRC, CDMS.

**Supporters & Exhibitors**

Priority will be given to those companies who choose higher sponsorship levels and then on a first-come, first-served basis. All exhibitors will have a 6’ x 2’ table and two chairs. Only two total exhibitors are allowed to exhibit at your company’s booth. To ensure appropriate logo recognition of corporate supporters & exhibitors on all event materials, we encourage final agreements confirmed by **January 15, 2019.**
